REQUEST FOR ADDING, CHANGING, SUSPENDING OR DROPPING AN UNDERGRADUATE CURRICULUM

Department: Textiles, Apparel and Merchandising
College: Agriculture
Name of Curriculum/Major: Textiles, Apparel and Merchandising
Type of Degree: BS
Date: 8-22-13

Has this change been discussed with and approved by all departments/colleges affected? Yes (X) No ( ) N/A ( )

ATTACH JUSTIFICATION for all actions: Use separate sheet.
ATTACH RESPONSE from any departments affected [i.e. any department whose course(s) are to be added.]
ATTACH FORM D ADDENDUM for all new curricula or changes involving General Education courses.

ACTION (check appropriate box):

(X) ADDING: The entire new curriculum, by semester, must be typed on plain sheets and attached to Form D. (See sample layout attached.)

(X) CHANGING: Regardless if all semesters of a curriculum are to be changed or only parts, the present and proposed (eight-semester) recommended path should be attached on separate pages. On the Present recommended path, use strikeout and on the Proposed recommended path, highlight areas to identify deletions and additions. Do not use boldface to designate changes as boldface is reserved for critical requirements within the recommended path. Explain all changes adequately on attachment.

( ) SUSPENDING: Provide an adequate explanation for suspending the curriculum on plain sheets and attach.

( ) DROPPING: Provide an adequate explanation for dropping the curriculum on plain sheets and attach.

HUEC 1000, Human Ecology as a Profession, is being dropped from the curriculum. The class was designed to meet the requirements for AAFCS (American Association of Family and Consumer Sciences) accreditation. AAFCS accreditation is being dropped spring 2014. The class is no longer needed in the curriculum. The School of Human Ecology was dissolved by the BoR on 8-21-13.

When HUEC 1000 is dropped from the first semester, it allowed all three concentrations to rearrange the social science elective to the first semester of the freshman year and the humanities elective to the second semester of the freshman year.

The dropping of HUEC 1000 resulted in merchandising and textile science concentrations getting a 3 hour general elective in the sixth semester and the apparel design added a class to the concentration and that is documented on the Form E submitted for a change in concentration in apparel design.
GENERAL EDUCATION REQUIREMENTS – Apparel Design

When a department adds a new curriculum or makes changes in an existing one, a Form D Addendum must also be submitted. This form is simply a list of those courses in the curriculum that satisfy the General Education requirement.

Include course rubric, number, and credit hours when curricula differ from the default values. Indicate the curriculum year for all General Education courses.

Curriculum in Landscape Architecture (BLA)

PRESENT

In this curriculum, sequential course progress is imperative. A student failing to complete any required course more than one year later than the time designated in the curriculum is prohibited from advancement in the design studio sequence until the deficiency is corrected. All required courses listed in the fourth year must be completed before a student will be allowed to enroll in the designated 5000-level courses. Students should complete these requirements by the end of their third year.

CRITICAL REQUIREMENTS

SEMESTER 1: "C" or better in LA 1101; GEOG 2050 or GEOG 2051.
SEMESTER 2: "C" or better in LA 1102; GEOG 2050 or GEOG 2051.
SEMESTER 3: "C" or better in LA 2001; RNR 1001.
SEMESTER 4: "C" or better in LA 2002; LA 2301; 2.5 Cumulative GPA.
SEMESTER 5: "C" or better in LA 3001.

All elective courses must be approved by the school director or designated advisor.

In addition to the 36 hours of general education English courses, all students must take a three-hour English writing or a foreign language course or an approved elective.

Semester 1
CRITICAL: "C" or better in LA 1101, GEOG 2050 or GEOG 2051.

4 - LA 4002 may be scheduled in summer session (8.5 semester) as a study abroad program.
Justification:

This curriculum change reflects a change to ARCH 3006, which had been required in the BLA curriculum as a General Education course – Art. The course was recently dropped from the Architecture curriculum. Students may now elect to take LA 1201, ARCH 2401 or another General Education course in Art, in consultation with their advisor, to meet this requirement.

In addition, the Landscape Architecture Undergraduate Curriculum Committee recently voted to remove the additional requirement of an English/Foreign Language approved elective (beyond the required six hours of General Education courses in English) in order to free up more elective space within the curriculum. No other curriculum within the College of Art and Design requires this additional course.

Justification for textile science concentration change

The registrar's office notified us that Physics 2101 was being dropped. We are dropping Phys 2101 from the textile science concentration at their request.

See attached email from Anna Castrillo and Jenna Kuttruff.
Ms. Castrillo,

I have checked with the TAM undergraduate coordinator and the textile science senior faculty and we all agree that PSYS 2001 in the textile science curriculum will be fine. Please let me know if you need any additional information.

Thank you.

Dr. Burnett,

The Physics Department has had C&C approval to implement a new PHYS sequence. They are dropping the placement exam and PHYS 1100, and in the next few semesters will not be offering PHYS 2101 and 2102 as the General Education introductory sequence. They will be replaced with PHYS 2110, 2112, and 2113. Within their justification, they state "All students who used to take the 2101/2102 sequence would take the new PHYS 2110, but the individual discipline may decide on one or both of PHYS 2112 and 2113, possibly with one of those in the required curriculum and another as a recommended technical elective." Within the Textile Science concentration in the TAM curriculum, there is an option to take PHYS 2001 or 2101. I can take 2101 out without a proposal submitted to C&C, but I wanted to alert you in case the department wanted to go another route. If the department wishes to change the PHYS courses within the concentration, please submit a C&C proposal as soon as possible.

Sincerely,

Anna Castrillo, M.A.

Department  Textiles, Apparel and Merchandising
College  Agriculture
Name of Concentration  Apparel Design
Name of Curriculum/Major  Textiles, Apparel and Merchandising
Type of Degree  BS
Date  9-27-13

Has this change been discussed with and approved by all departments/colleges affected? Yes ( ) No ( ) N/A (x )

ATTACH JUSTIFICATION for all actions. Use separate sheet.
ATTACH RESPONSE from any departments affected [i.e. any department whose course(s) are to be added.]
ATTACH FORM D ADDENDUM for all new concentration or changes involving General Education courses.

ACTION (check appropriate box):

( ) ADDING: The entire new concentration, by semester, must be typed on plain sheets and attached to Form E. (See sample layout attached.)
(x ) CHANGING: Regardless if all semesters of a concentration are to be changed or only parts, the present and proposed (eight-semester) recommended path should be attached on separate pages. On the Present recommended path, use strikeout and on the Proposed recommended path, highlight areas to identify deletions and additions. Do not use boldface to designate changes as boldface is reserved for critical requirements within the recommended path. Explain all changes adequately on attachment.

( ) SUSPENDING: Provide an adequate explanation for suspending the concentration on plain sheets and attach.
( ) DROPPING: Provide an adequate explanation for dropping the concentration on plain sheets and attach.

Justification adding a class to Apparel Design minor

HUEC 4232, CAD for Textiles and Apparel, is a class designed for apparel design majors. Now that we have dropped HUEC 1000 from the curriculum we will add HUEC 4232 to the concentration.
GENERAL EDUCATION REQUIREMENTS - Apparel Design

When a department adds a new curriculum or makes changes in an existing one, a Form D Addendum must also be submitted. This form is simply a list of those courses in the curriculum that satisfy the General Education requirement.

Include course rubric, number, and credit hours when curricula differ from the default values. Indicate the curriculum year for all General Education courses.

1. To meet the university's General Education Natural Sciences requirement and the College of Science's natural sciences requirement, a mathematics major must take the following:
   1. One two-semester sequence in Biological Sciences: BIOL 1001, BIOL 1002 or BIOL 1201, BIOL 1202
   2. One two-semester sequence in Physical Sciences chosen from the following: ASTR 1101, ASTR 1102; CHEM 1001, CHEM 1002; CHEM 1201, CHEM 1202; GEOL 1001, GEOL 1002; GEOL 1003; GEOL 1001, GEOL 1111 OR GEOL 1113; GEOL 1111, GEOL 1112; GEOL 2010, PHYS 1201, PHYS 1202, PHYS 2001, PHYS 2002, PHYS 2101, PHYS 2102.

Students must also take the two-hour lab requirement corresponding with either the Biological Sciences or Physical Sciences sequence.
Justification for proposed changes

The only change hereinabove proposed is to replace Math 2060 (Technology Lab, 1 hour, in the third semester) with 1 additional hour of approved electives in the fifth semester.

Justification: Math 2060 was created to satisfy the university's former technology requirement. After the university dropped that requirement, the department retained Math 2060 in its curriculum. The Mathematical Statistics Concentration, however, also requires EXST 3201, which includes a weekly lab using SAS. The present proposal to drop Math 2060 is, therefore, intended to eliminate redundancy in the Mathematical Statistics Concentration.

Since EXST 3201 is already required in the Mathematical Statistics Concentration, this change will not affect the number of students taking EXST 3201.

## GENERAL EDUCATION REQUIREMENTS

When a department adds a new curriculum or makes changes in an existing one, a Form D Addendum must also be submitted. This form is simply a list of those courses in the curriculum that satisfy the General Education requirement. Include course rubric, number, and credit hours when curricula differ from the default values. Indicate the curriculum semester for all General Education courses.

   Students must also take the two-hour lab requirement corresponding with either the Biological Sciences or Physical Sciences sequence.
Justification for proposed changes

Two changes are hereinabove proposed:

1. Replace Math 2060 (Technology Lab, 1 hour, in the third semester) with 1 additional hour of approved electives in the sixth semester.

   Justification: Math 2060 was created to satisfy the university’s former technology requirement. After the university dropped that requirement, the department retained Math 2060 in its curriculum. The Actuarial Science Concentration, however, also requires EXST 3201, which includes a weekly lab using SAS. The present proposal to drop Math 2060 is, therefore, intended to eliminate redundancy in the Actuarial Science Concentration.

   Since EXST 3201 is already required in the Actuarial Science Concentration, this change will not affect the number of students taking EXST 3201.

2. In the fifth semester, replace “General Education course - Social Sciences (2000-level)” (3 hours) with “Approved Electives” (also 3 hours).

   Justification: ECON 2030 (also in the fifth semester of the Actuarial Science Concentration) already satisfies the “General Education course - Social Sciences (2000-level)” (3 hours) requirement. The Math Department never intended that ECON 2030 not satisfy this requirement; but somehow the degree audits and pathways misinterpreted the department’s intent. So this proposed change is merely a correction of a clerical error, and not a change in the department’s intent. This change will make the social sciences and humanities requirements in the Actuarial Science Concentration consistent with the social sciences and humanities requirements in the five other concentrations in the math major.

Justification:

This minor is being changed to reflect changes in course offerings by the unit Architecture whose courses contribute to the minor. The ARCH 3005 and ARCH 3006 courses have been dropped and ARCH 2007 and ARCH 2008 have been added as their replacement.

ARCH 4440 has been added to the list of courses that may be selected to fill the requirements. It was erroneously missing from the list.

LGBTQ Studies Minor

Catalog Format:

Undergraduate Minor in LGBTQ Studies

The minor in LGBTQ studies provides undergraduate students an opportunity to explore the social, political, and cultural realities of lesbian, gay, bisexual, transgender, and queer (LGBTQ) identities and to acquire knowledge and cultural understanding of persons who identify as LGBTQ. Students minoring in LGBTQ studies must complete a total of 18 hours. No more than 6 hours may be taken from any single department or program.

Required 3 hours:

SW 2500 Introduction to LGBT Studies

Select 15 hours from the list of electives below (at least 9 hours must come from upper-level courses):

Electives—Lower Level
EDCI 2400 Education and Diverse Populations
KIN 2600 Human Sexuality
KIN 2604 Issues in Mental Health
WGS 1001 Evolution of Sex and Gender
WGS 2200 Gender and Popular Culture
WGS 2500 Introduction to Women’s & Gender Studies
WGS 2501 HONORS: Introduction to Women’s & Gender Studies
WGS 2900 Gender, Race and Nation

Electives—Upper Level
EDCI 3001 Student Development and Diversity
EDCI 3400 Educational Principles, Policies, and Practices for Special Populations
EDCI 4800 Teaching in the Multicultural Classroom

*ELRC 7393 Multicultural Counseling
*ELRC 7600 Issues of Race and Gender in Higher Education

HUEC 4065 Family Life Education
POLI 4027 Politics of Sexual Diversity
POLI 4028 Gender & Politics

SOCL 4463 Gender and Crime
SOCL 4521 Sociology of Gender

*SW 7406 Social Work with Lesbian, Gay, Bisexual, and Transgender People

THTR 4021 Gender and Sexuality in Performance
*THTR 7923 Seminar in Gender, Sexuality and Performance

WGS 3150 Survey of Feminist Theory

* "Undergraduates with 75 or more semester hours who are making timely progress toward a degree may be admitted to 7000 level courses. Such students must have a 3.50 or higher GPA, the appropriate prerequisites, consent of the instructor, and permission of the dean of the student's undergraduate college. Credit so earned will apply only toward undergraduate degree requirements, except for students enrolled in an accelerated master's degree program" (LSU 2013-2014 General Catalog, http://catalog.lsu.edu/content.php?c=2&n=42).
JUSTIFICATION:
In accordance with the LSU 2020 flagship agenda, lesbian, gay, bisexual, transgender, and queer (LGBTQ) studies minor will fill a gap in LSU’s curriculum and offer students a concentrated study in LGBTQ topics by raising students’ self-awareness, challenging their stereotypes, broadening their understanding of human diversity, and developing their cultural sensitivity along the spectrum of sexual and gender orientations, identities, and expressions. Having a minor in LGBTQ studies will assist in the recruitment and retention of students and make LSU more competitive with other state and national institutions that currently have similar programs of study.
