Two courses in the General Education Curriculum have been removed from the PK-3 Recommended Path: a
social science course (GEOG 1001), which will be replaced with PSYC 2000; and an elective (HUEC [CFS]
2065), which will be replaced with PSYC 2060 or PSYC 2076. Undergraduate students in the PK-3 Teacher
Certification program would benefit from basic knowledge in psychology. PSYC 2000 Introduction to
Psychology; PSYC 2076 Child Psychology or PSYC 2060 Educational Psychology would provide foundational
knowledge for future coursework in child development and other educational coursework.

Hi Cyndi,

I don't think that this should be a problem. The only question I have is how many students per semester or year
you would anticipate to need these courses. We try to offer 2076 and 2060 at least once a year and sometimes
two or three sections are available. So we just want to make sure that we are able to offer the courses often
enough to accommodate your students.

Thanks!

Drs. Hicks and Beck,

In the Early Childhood program, we have proposed to faculty to replace 2 of our gen ed courses with PSYC 2000 and either PSYC 2060 or 2076. I am writing to make sure that this will not be a problem.

Hi Cyndi,

The Psychology Department supports this substitution. Our courses will be able to accommodate these students.

Hi Melissa,

We are in the final stages of approval for our course changes to our undergraduate program. The courses & curricula committee needs to ensure that you are ok with the numbers of students in our undergraduate program. I could only find where I approximated the number of students, but could not find your response (I have pasted the last interchange between us below; At the bottom of this email is the request for C&C). We have anywhere from 20-28 in a cohort in a given year, although I see that below I had estimated lower numbers, as students are not yet in the cohort prior to junior year and likely would not all be taking the courses at once.

Can you please confirm that PSYC is ok with this substitution?

Thanks,

Cyndi

JUSTIFICATION:

In the Sport Administration – Sport Commerce concentration there are 12-credit hours (four courses) required in the area of concentration eight-semester plan. After careful review, it is proposed that certain relevant courses for the student’s choice be added. I have contacted the department chairs (or other representative) for permission to add their course(s) to this list of concentration electives and a copy of that correspondence is attached. In addition to adding these relevant courses, we are proposing the removal of KIN 2525 which is a practicum in coaching and does not provide enough content for students in the Sport Administration undergraduate degree program and propose adding KIN 2999 (Internship in Recreation & Sport) as this course along with the other changes will provide students with a broader content knowledge and experience need to be successful in the Sport Commerce field.

There will be correspondence for the following courses:

- CMST 2064
- ELRC 4507
- ISDS 3105
- KIN 2999
- MC 2000
- MC 2002
- MGT 3320

JUSTIFICATION:

In the Sport Administration – Sport Leadership concentration there are 12-credit hours (four courses) required in the area of concentration eight-semester plan. After careful review, it is proposed that certain relevant courses for the student’s choice be added. I have contacted the department chairs (or other representative) for permission to add their course(s) to this list of concentration electives and a copy of that correspondence is attached. In addition to adding these relevant courses, we are proposing the removal of KIN 2525 which is a practicum in coaching and does not provide enough content for students in the Sport Administration undergraduate degree program and propose adding KIN 2999 (Internship in Recreation & Sport) as this course along with the other changes will provide students with a broader content knowledge and experience need to be successful in the Sport Leadership field.

There will be correspondence for the following courses:

- CMST 2064
- ELRC 4507
- ISDS 3105
- KIN 2999
- MC 2000
- MC 2002
- MGT 3320
- MGT 4600
