Re: Requesting of Adding and Changing an Undergraduate Curriculum

2/1/18 –

Dear Committee,

The purpose of the changes and additions to the Pre-Nursing requirements in the LSU General Catalog are to reflect the requirements and pre-requisites necessary for LSU students who are applying to the LSU Health New Orleans School of Nursing in New Orleans, LA.

The purpose of our Pre-Nursing Program at LSU-BR is to gear students towards meeting the requirements needed in order to apply solely to the LSU Health New Orleans School of Nursing in New Orleans, LA. Requirements for other nursing schools may be met along the way, but we don't advise for those other schools other than LSU School of Nursing in New Orleans, LA.

If students want to know what courses they need as prerequisites for other nursing programs, they must meet with the respective representatives at the other colleges or universities that they are looking at attending.

Dr. Todd Tartavoule reached out to me on Wednesday, December 27, 2017 and informed me that the Louisiana State Board of Nursing approved their curriculum changes which will take effect with the class entering in Fall 2019. (See email attached).

Jennifer,

Does our PNURS curriculum (degree audit, catalog, and literature) reflect this upcoming change yet?

Subject: Curriculum Changes

Happy Holidays Jennifer & Nikki,

The Louisiana State Board of Nursing approved our curriculum changes.

The curriculum changes will take effect with the class entering in fall 2019.

We have removed abnormal psychology from our curriculum.

We will now require a Developmental/Lifespan Psychology course as a pre-requisite. Our pre-requisite hours will increase from 34 to 37 hours. We have not increased the total number of curriculum hours as we moved courses around in the nursing curriculum.

Both UNO & LSU offer the Developmental/Lifespan Psychology courses that we require. I am unsure of the course number as that information is at work. They should be a 2000 level course.

The link below shows the current curriculum and the new curriculum. Scroll to bottom to see new curriculum.

Please let me know if you have any questions.

Gratefully,

Todd

The following program is designed for students planning to apply to the Bachelor of Science in Nursing ONLY at the LSU Health New Orleans School of Nursing.

LSU offers a pre-professional nursing program that prepares students to enter the professional nursing curriculum leading to the Bachelor of Science in Nursing at the LSU Health Sciences Center School of Nursing (LSUHNO SON) in New Orleans.

Admission to the LSUHNO SON is on a competitive basis. Applications for admission to the sophomore year at the LSUHNO SON must be submitted the semester prior to the semester anticipated acceptance to complete the three-year study. Students should consult LSUHNO SON directly for assistance with the application process.

Pre-nursing requirements are subject to change. Students may access the current pre-nursing curriculum online at nursing.lsuhsc.edu

Pre-nursing requirements vary with each professional school of nursing, and entrance to each school is competitive. Prospective nursing students seeking admission to institutions other than the LSU Health Sciences Center School of Nursing should obtain the entrance requirements from these schools directly.
